

WHEN MONEY RUNS OUR POLITICAL SYSTEM, WE ALL PAY A PERSONAL PRICE

No matter which issue you care most about—taxes, the environment, big government, education, healthcare, poverty, Wall Street banks, student debt—the root cause of the problem can usually be traced back to corporations and the 1% bribing politicians with enormous sums of money.

STATE/FEDERAL LAWS AND AN AMENDMENT ARE THE SOLUTIONS

Campaign finance laws help. They can be enacted quicker and the **Stampede** supports them, but the best way to get money out of politics is to pass a constitutional amendment that overturns Supreme Court rulings which declared that:

Money is Free Speech

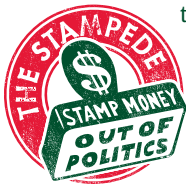

And

Corporations are People

And the only way to pass an Amendment is to demonstrate overwhelming public support. That's why we're stamping money.

STAMPEDE!

Every stamped bill gets seen by 875 people. 100 people per day are joining the **Stampede**. By the end of 2015, there will be over 60,000 of us creating an unstoppable stampede of millions of stamped dollar bills.

IT'S WORKING

Thanks to the efforts of many local and national organizations, already

- 600 cities and towns have voted for an amendment
- over 55 senators and 117 congressmen have signed on in support of an amendment
- 17 states have voted for an amendment

HELP STAMP MONEY OUT OF POLITICS

It's going to take a lot of us, but amendment campaigns have succeeded before. If people are willing to do their part, we can pass this amendment, too. If we don't do it, we may as well hand over the keys to our democracy to corporations and the 1%.

IT'S EASY

The beautiful thing about stamping money is that you can do it anywhere, anytime, with (or on) anybody. At home, at fairs, festivals, concerts, meetings, class, work, on the street, book group, bowling, soccer games, bars, restaurants...

BUT FIRST YOU NEED TO GET A STAMP

Please visit our online campaign and store at www.StampStampede.org.

The **Stampede** is a non profit project of People Power Initiatives.
